OR CZARA Settlement Agreement, MidCoast Overview.docx

Hi Jayne - Awhile back, I put together this summary of the CZARA-Mid-Coast intersection and sent it to Menchu. (I think you have a copy of this, too.) As Adrienne was looking through it, she realized the dates were wrong, since I'd put that the Mid-Coast TMDL needs to be done by June 2012. It looks like this is in the original agreement, but I know that the Mid-Coast TMDL is now going to be submitted to us by June 2013. Was that a mgmt decision, and can you tell me when that decision was made? I'd like to revise the document so it's accurate. Feel free to edit document if that's easier. Thanks!!
